In re: Scope of a public assurance record

Issuing office: Digital Rights & Standards Commission

The network-defined tribunal considered whether a public UCAF entry could be presented as an external government certification.

Network scope and limits

United Network Federation is an independently presented, privately administered digital-network governance framework. Its charter, participation rules, registry entries, reviews and dispute procedures operate only within services and among participants that adopt them. These publications are not government instruments, statutory licenses, judicial orders, public registrations or proof of independent security certification. A registry match confirms a publication in this network catalogue only. Sponsorships or external approvals require separate, verifiable evidence.
